DIALOGUES IN RESEARCH ETHICS

Dialogue 2

**Science, Social Policy, Economics:
A Perfect Ethical Dilemma**

Luis Glaser, Ph.D.
University of Miami

12 Noon, Friday, November 16, 2001
Third Floor Auditorium, Rosenstiel Medical Science Building

Science seeks to manage knowledge. Social policy seeks to maximize the common good, but is invariably tempered by political considerations. Scientific discovery has, in many cases, great economic potential. Science, social policy and economics are not always congruent but often are in conflict. Can society develop guidelines on how to proceed and solve conflict based on ethically sound principles?

Dr. Glaser is UM's Executive Vice President and Provost, as well as Professor of Biology and Biochemistry and Molecular Biology.

Dialogues in Research Ethics is a series of monthly conferences. For more information, phone 305-243-5723, write to Campus Box M-825 or send E-mail to ethics@miami.edu
