**In less than five years, the Collaborative Institutional Training Program (CITI) has changed the world of education in human subjects protection. CITI is now expanding its portfolio to include the responsible conduct of research. But precisely what problems need to be addressed? What should an on-line curriculum provide? What future federal regulations should be anticipated?**

Dr. Braunschweiger is Professor of Radiation Oncology and Director of the Office of Research Education at the University of Miami Miller School of Medicine. He is a Co-Founder of the Collaborative Institutional Training Program.

*Dialogues in Research Ethics is a series of monthly conferences. For more information, phone UM Ethics Programs at 305-243-5723 or send E-mail to [ethics@miami.edu](mailto:ethics@miami.edu).*
